PhDr. Miroslava Kovaříková, Ph.D.

ABSTRACT:

The bachelor thesis deals with the issue of integration of foreigners from the point of view of volunteer work. The aim of the thesis was to gain experience based on own research in order to create a leaflet usable mainly for the student of the Faculty of Education. The thesis is divided into two parts. The theoretical part deals with volunteering, its history in the Czech Republic, motive of volunteering, obstacles and issues of volunteer activities of non – governmental organizations. The research part deals with real opinions of the integration of foreigners from the selected organization META. The observation was based on the interview and the method of work was an interview with volunteers. Since the selected volunteers also work for other organizations. I focused on their opinion about the issue. The practical part of the facts about integration. This summary was the basis for those interested leaflet for those interested in volunteering at the Faculty of Education.

KEYWORDS:

Integration, individual approach, foreigners in the Czech Republic, voluntary work.
